

RE-ISSUING OF A CERTIFICATE - £15.00
MEDICAL EXEMPTION CERTIFICATE - £15.00

For all payments we ask for cash or a cheque.

Bank card details will need to be added to the back of the cheque.

We are unable to process credit/debit cards.

If you would like to pay by BACS please let us know, so we can process an invoice for payment in advance.

Remember—Please make your appointment at least 10 weeks before you travel

We recommended the following internet sites for those patients who are unable to visit the surgery but need travel advice.

July 2019 v.1

Strawberry Hill Medical Centre

Travel Appointment Information

Travel Appointment

Prior to your planned trip/holiday, we advise that you book an appointment with one of our Practice Nurses, at least 10 weeks before you intend to travel.

For your appointment, the nurse will need to know your travel itinerary, plus details about your past and present medical history so that she may do a risk assessment and advise you on the recommended vaccinations as well as Malaria protection.

Vaccination Charges

Not all vaccinations for travel are provided free of charge by the NHS, therefore some are charged privately as well as an administration cost per dose. The nurse will discuss this with you during your consultation.

The charges shown overleaf are effective from 2019 and is cost per dose or course, but may be subject to change to reflect purchasing costs
